**Mobile Thrones is a family run business specialising in luxury mobile toilets for corporate and private occasions.**

Our facilities are light and spacious with a classic exterior and a luxurious interior. We provide a professional and efficient service to all of our customers from beginning to end, leaving you to concentrate on and enjoy your event.

Delivery and collection is taken care of and each unit is spotlessly cleaned and left with consumables to cover the length of hire. We can also supply an attendant if required.

The large, medium and disabled deluxe units are self contained and only require mains electricity. They have their own water supply and require no separate drainage. The mini deluxe unit does require a water supply and drainage. We also provide single chemical units.

Generators of various sizes are available to suit all your requirements, from an individual toilet to total power for your event.

**We can also provide**

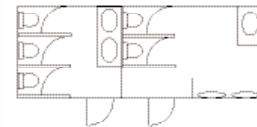

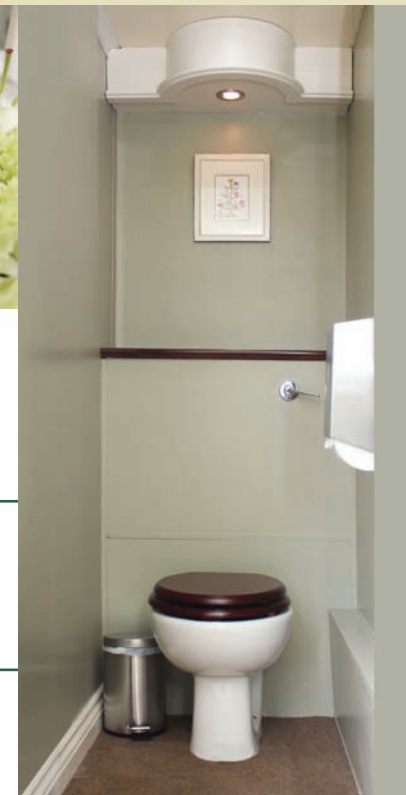

- Chemical toilets
- Standard toilet units
- Generators of various sizes
- Mobile refrigeration units

*please email or call us for a quote on any of our hire products*
